

The world of business is our business...

That's why listeners throughout the Metro Baltimore and Annapolis area tune in to Business Radio AM 1190 each day for up-to-the-minute information about what's going on in the world of business—in our backyard or around the world. Whether it's news about the stock market, investment advice, real estate or tax information, WBIS brings you the latest through its affiliations with **The Dow Jones Money Report, CNN Radio** and **Bloomberg Radio**. In addition, local experts appear throughout the day to put a local spin on financial news. All of which helps to make the world—your world—a little smaller and easier to understand. For information about programming or advertising, call 410-269-0700.

Listen Monday mornings at 8:08 for Good News Maryland, produced in association with the Maryland Department of Business & Economic Development
